

## EZBiz Hosting

Adam Internet EZBiz Hosting is especially designed for your total business website, email, database and FTP hosting requirements. The service offers the convenience of a single package which includes all hosting services, plus a generous disk and data allocation on Adam Internet's reliable and proven network.

- ✓ Convenient – includes all your hosting in one comprehensive package
- ✓ Versatile Configurations – range of plans to suit your changing needs
- ✓ Industrial Level Inclusions – includes a generous level of disk, data and extras for all hosting requirements right from a single page through to a full online shopping
- ✓ Flexible Billing – choice of billing cycle and payment method

### Email Account Hosting – [sales@yourbusinessname.com.au](mailto:sales@yourbusinessname.com.au)

EZBiz Hosting provides your business with individual email accounts for your staff. This is an invaluable part of your business because it allows your customers to contact all members of your organisation for immediate service or enquiries. It also increases the professional appearance of your organisation. Email Hosting is fully manageable via a secure online interface within the Adam Internet Members Area.

### Web Site Hosting – [www.yourbusinessname.com.au](http://www.yourbusinessname.com.au)

The EZBiz Hosting solution includes a generous allocation of high performance web space for the hosting of your business needs – whether this be for your website, or perhaps storage of all your corporate manuals or storage of your offsite backups.

#### EZBiz Hosting – Standard Plans

- Recommended for standard business websites
- 2 FTP Accounts – one for you, one for your Web Designer
- PHP Scripting & MySQL Database for interactive features such as online shopping, photo gallery, members-only areas
- Traffic Stats so you can monitor the number of hits to your site, where the hits are coming from, plus search words and more
- Online control panel gives access to a wide range of advanced server functions including password protected areas and more

EZBiz Hosting – Standard Plans	Disk Space	Bandwidth per month	Mailboxes	MySQL Databases	Cost
EZBiz Hosting Standard 25	25MB	10GB	10	1	\$ 200.00 pa
EZBiz Hosting Standard 100	100MB	10GB	20	1	\$ 240.00 pa
